

Microsoft Student Community

KIIT Chapter

Microsoft Student Community, KIIT CHAPTER
brings forward our brand new event
"Frontend With Benefits ~ CSS & Chill".

Frontend With Benefits is a 24-hour event in which you must develop a frontend for a website using the frontend coding languages you are familiar with.
Participants can put their knowledge to use by changing the color and theme or ui/ux of the template as per your choice and creativity.

Vintage is a restro and bar in Bhubaneshwar. It is a walk through the brick on the walls with few retro fitted switches and lights creates a beautiful space of the vintage days. Its ambience and environment are very delightful and moments can be ceased.

TEMPLATE 2

Template website-

<https://elixir14082002.github.io/Restaurant-Template/>

Github link-

<https://github.com/MSCKIIT/Frontend-with-Benefits-Restaurant-Template-2>

Our Specialities

A screenshot of the "Our Specialities" section. At the top, there are three small thumbnail images: one showing a dish with meat and vegetables, another showing various fruits and vegetables, and a third showing a salad. Below this is a search bar. The main content area is titled "Our Specialities" and contains six items, each with a thumbnail image and a description: "Steak ₹250", "Legume ₹150", "Salad ₹200", "Halwa ₹250", and "Pizza ₹399". The "Halwa" item is partially cut off at the bottom. A footer bar at the bottom right includes the text "Footer" and a small red icon.

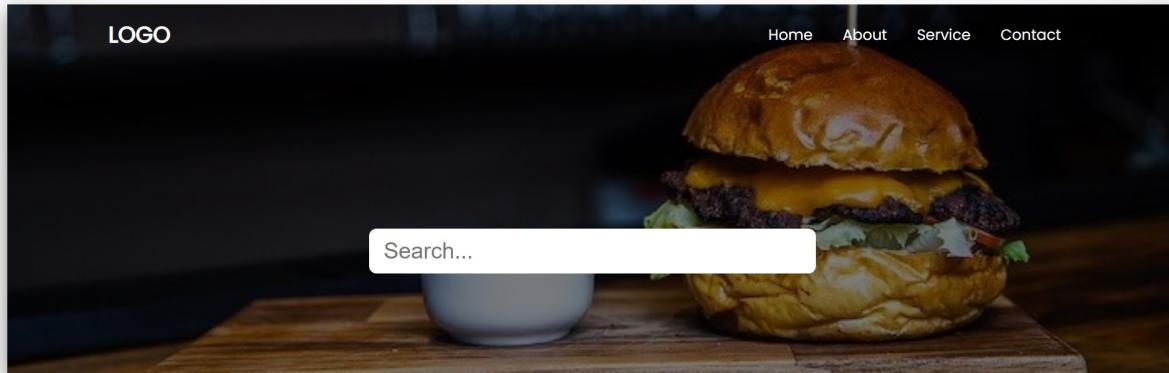

TEMPLATE 3

Template website-

<https://krishna8421.github.io/event-hotel-template/>

Github link-

<https://github.com/MSCKIIT/Frontend-with-benefits-Restaurant-template-3>

This section displays three food items in individual boxes. The first box contains an image of Biryani and the text "Biryani ₹ 250". The second box contains an image of a pizza and the text "Pizza ₹ 499". The third box contains an image of Chowmein and the text "Chowmein ₹ 150". Below these boxes is a partial view of another dish, likely a South Indian meal, featuring idlis and sambar. A small circular arrow icon is located in the bottom right corner of the menu area.

RULES

Events are fun but only with rules.

So, here are they for our event -

- Participants must have their own GitHub account where they will fork the repository assigned to them.
- A basic template will be provided to the participants on which they have to work on.
- Any tech stack of your choice can be used.
- Only individual participation is allowed.
- The emphasis of the competition is to create an original website. So, anyone submitting plagiarised code will be disqualified immediately.

- Any team found cheating, interfering with another team or the competition in any form will be heavily penalized/disqualified from the event.
- - Better UI/UX, Better usability, Better features = More points
- - Participants can use any hosting service (GitHub Pages, Vercel, Netlify etc.)
- - Participants will be given a form where they have to submit their work.
- - GitHub repo link should be submitted and the project repo should be public.
- - The hosted site details (site link) should be clearly mentioned.
- - The submission form should be filled with correct details for us to track the submissions correctly.

Workflow

If you're not comfortable with command line, [here is the download link to GitHub Desktop]
(<https://desktop.github.com/>).

If you don't have git on your machine,
[install it] (<https://help.github.com/articles/set-up-git>).

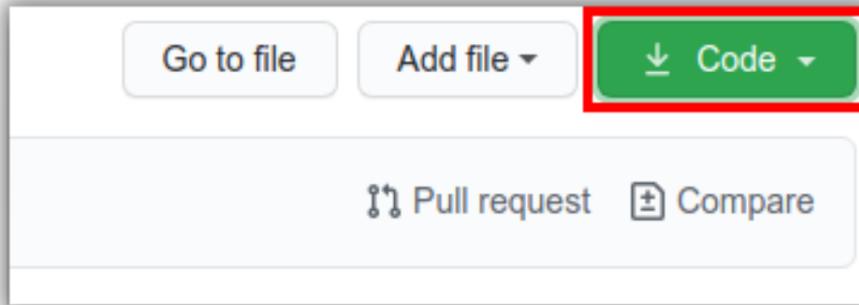

Fork the Repository

Fork this repository by clicking on the `Fork` button on the top of this page. This will create a copy of this repository in your account.

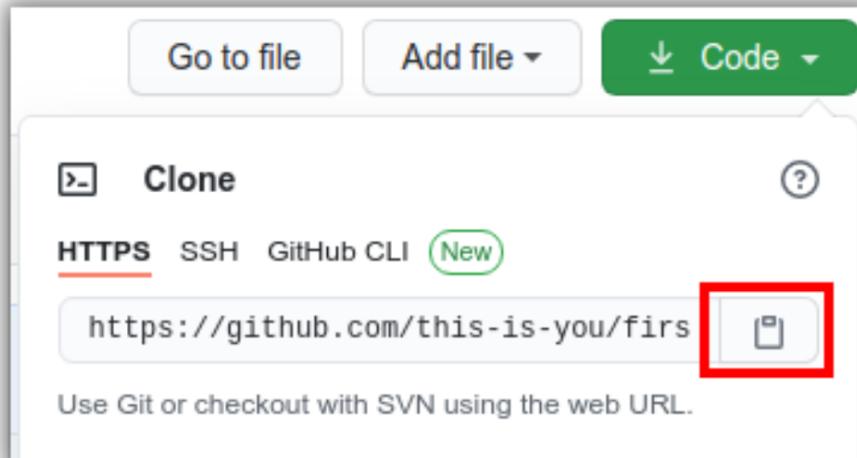

Clone the Repository

Clone the forked repository to your machine. Go to your GitHub account, open the forked repository, click on the `Code` button and then click the `Copy to Clipboard` icon.

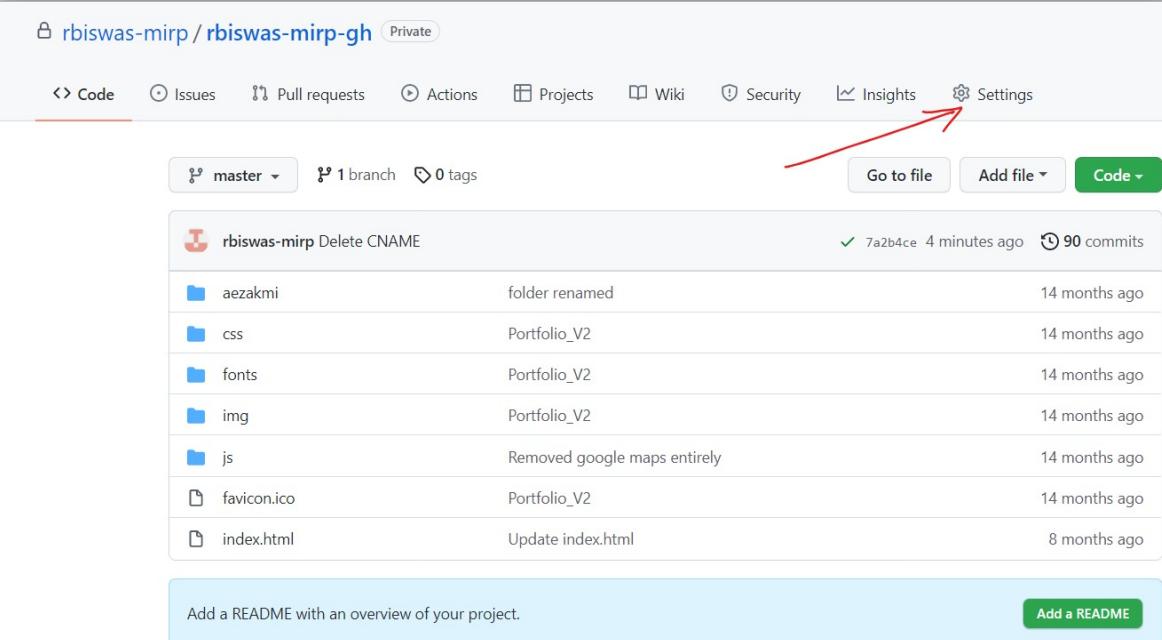

Open a terminal and run the following git command:
`git clone https://github.com/<your_username>/template_repo.git`

Hosting your site on GitHub

Click on the repository settings

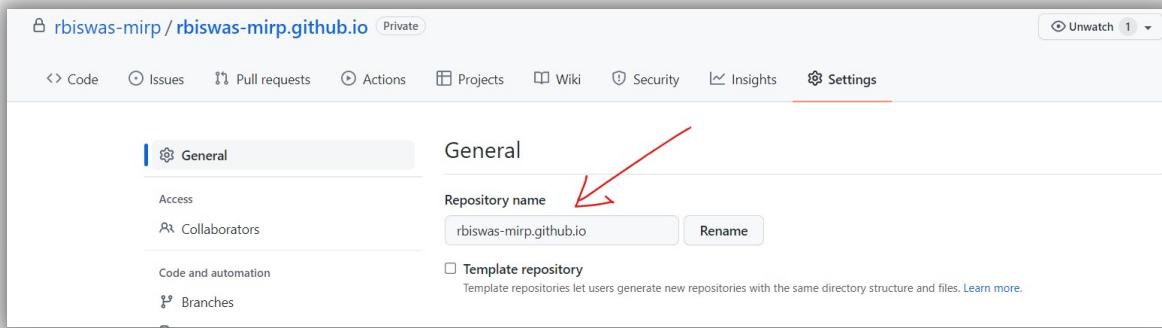

The screenshot shows a GitHub repository page for 'rbiswas-mirp / rbiswas-mirp-gh'. The 'Code' tab is selected. At the top, there are links for Issues, Pull requests, Actions, Projects, Wiki, Security, Insights, and Settings. A red arrow points to the 'Settings' link. Below the header, it shows 'master' branch, '1 branch', and '0 tags'. There are buttons for 'Go to file', 'Add file', and 'Code'. The main area displays a list of commits:

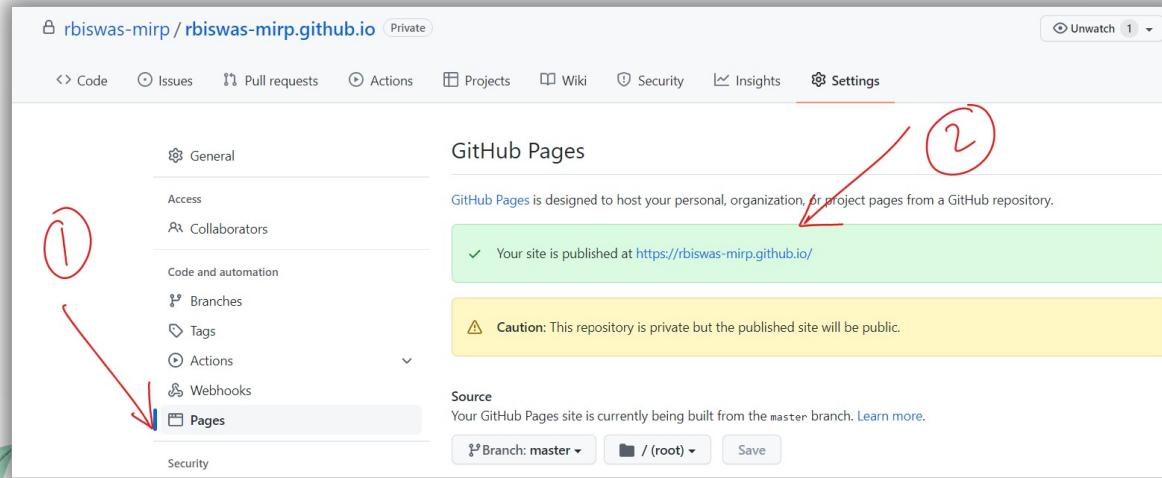

Author	Commit Message	Date
rbiswas-mirp	Delete CNAME	4 minutes ago
aezakmi	folder renamed	14 months ago
css	Portfolio_V2	14 months ago
fonts	Portfolio_V2	14 months ago
img	Portfolio_V2	14 months ago
js	Removed google maps entirely	14 months ago
favicon.ico	Portfolio_V2	14 months ago
index.html	Update index.html	8 months ago

At the bottom, there is a button to 'Add a README'.

Click on `Repository name` and change the name of the repository. Make sure you change the repository name to **github-username.github.io** (replace github-username with your own GitHub username).

Click on `pages` from the left tab. Your site should be automatically published (if not, give it a few seconds).

Submission

All the work you have done is useless until you submit it. You will be given a form where you have to fill the following details correctly.

Frontend With Benefits

Forms with benefits
Submit by 26th March 11:59pm
Rules and FAQ :- <https://github.com/MSCKIIT/frontend-with-benefits>

* Required

1. Name *

2. Project Link *

3. Code Repository Link *

4. Phone Number *

5. Email ID *

After clicking on the submit button, give yourself a little pat on your back. You have done a great job.

All the best of luck to all the
participants!
May the best participant win!

SUBMISSION

27th
10am- offline meet starts and problem
statement and resources distribution

11am- event starts

28th
11am- event submission ends
